SKILLS AND TECHNOLOGIES

- **Programming Languages:** C, C++, JAVA, Python
- **Backend Technologies:** Spring Boot, Spring Security, REST APIs, JWT Authentication, JPA, MVC Architecture, Microservices, Docker, Redis
- **Frontend Technologies:** HTML, CSS, JavaScript, React.js, AJAX, jQuery
- **Databases:** MySQL, PostgreSQL, Oracle Database, SQL, PL/SQL
- **Tools & Platforms:** Git, GitHub, Maven, Postman, IntelliJ IDEA, VS Code
- **Core Computer Science:** DSA, DAA, OOP, DBMS, CN, OS

PROJECTS

- **eHealthHub - Telemedicine Web Application**
Tech Stack: Java, Spring Boot, Spring Security, JWT, React.js, PostgreSQL, JPA
-Built a secure full-stack telemedicine platform for doctor-patient consultations.
-Developed RESTful APIs with JWT-based authentication and role-based access control (Admin, Doctor, Patient).
-Implemented appointment scheduling and consultation management workflows.
-Designed relational database models using JPA/Hibernate for users, roles, and appointments.
-Integrated email notifications using Java Mail Sender.
-Created a React.js frontend consuming secured backend APIs with proper CORS configuration.
- **SmartExpense - Financial Analytics & Tracking System**
Tech Stack: HTML, CSS, JavaScript, Java, Spring Boot, PostgreSQL
-Developed a full-stack web application for tracking personal expenses.
-Implemented REST APIs using Spring Boot for user authentication, and CRUD operations for transactions.
-Designed database schema with JPA linking users and transactions.
-Applied input validation and CORS configuration to ensure secure and smooth frontend-backend interaction.
- **Sorting Visualizer**
Tech Stack: HTML, CSS, JavaScript
-Developed an interactive web application to visualize Bubble, Selection, Insertion, and Merge Sort algorithms with real-time animations.
-Built an educational info panel displaying algorithm details, complexity, pseudocode, and C++/Java code.
-Designed a responsive UI with interactive controls and dynamic highlighting of comparisons, swaps, and sorted elements for enhanced learning.

EDUCATION

- **The Maharaja Sayajirao University, Vadodara**
B.E. - Computer Science and Engineering | CGPA: 8.97 | Jul 2023 – May 2027
- **Zenith School**
Higher Secondary (GSEB),Gujarat | Percentile: 98.78 | 2023
Secondary (GSEB),Gujarat | Percentile: 99.07 | 2021

ACHIEVEMENTS & ACTIVITIES

- **Coding Platform**
Solved **900+** problems on LeetCode, **2000+** contest rating (Top **2.5%**)
Solved **300+ problems** on GFG & Coding Ninjas
- **Certifications:**
Problem Solving (Intermediate) – HackerRank
SQL (Intermediate) – HackerRank
CSS (Basic) – HackerRank
Software Engineer Intern – HackerRank
- **Hackathon:** *Hack A Throne 2025* (32-hour hackathon, MSU Baroda) – Team Leader for **Hire Flow**, led backend development and coordinated tasks.
